Subject: Request for Evaluation of an AK Sufficiency Determination for LA-MHD03.002

Dear Mr. Bearzi:

We are submitting for your evaluation, a provisional approval of an Acceptable Knowledge (AK) Sufficiency Determination Request for Los Alamos National Laboratory (LANL) waste stream LA-MHD03.002. In accordance with the Waste Isolation Pilot Plant Hazardous Waste Facility Permit (HWFP) Attachment B, Section B-0b, the U. S. Department of Energy Carlsbad Field Office (CBFO) has provisionally approved the AK Sufficiency Determination Request as a "Scenario 3", where chemical sampling and analysis would not be required for this waste stream.

Enclosed, please find the CBFO AK compliance matrix to demonstrate completeness and compliance with the HWFP. In addition, all relevant supporting documentation is enclosed to support the provisional approval. Please contact the RH TRU Waste Certification Manager, Mr. J. R. Stroble at (505) 234-7313 should you have questions concerning this request for evaluation.

Sincerely,

Original Signature on File
