Dear Mr. Zappe:

This letter transmits Carlsbad Field Office (CBFO) Audit Report A-10-01 for the audit of Savannah River Site/Central Characterization Project processes performed to characterize and certify waste as required by Section II.C.2.c of the Waste Isolation Pilot Plant Hazardous Waste Facility Permit. The report contains the results of the recertification audit performed for Summary Category Group S4000 contact-handled (CH) soils/gravel and S5000 debris waste, and for remote-handled (RH) S5000 debris waste. An electronic version of the audit documentation (final audit report, B-6 checklists, and the audited plans and procedures) is included as a courtesy for use by the New Mexico Environment Department, but is not to be regarded as the formal submittal.
