Westinghouse Offers \$6,400 in College Scholarships to Eddy County Students

CARLSBAD, N.M., February 18, 2000 – The Westinghouse Government Services Group today announced that \$6,400 in college scholarships will be awarded to Eddy County students for the 2000-2001 school year. The deadline to apply is April 3.

Two \$2,500 scholarships are being offered — one will be honored at New Mexico State University (NMSU) in Las Cruces, and one at the College of the Southwest (CSW) in Carlsbad. High school seniors applying for the NMSU-Las Cruces scholarship should be interested in careers related to science, mathematics or engineering. High school and college students are encouraged to apply for the CSW-Carlsbad scholarship that can be used toward any discipline.

Another scholarship for \$1,400 is available to Eddy County students entering the two-year engineering program at NMSU-Carlsbad.

To qualify for any of the scholarships, students must have a minimum grade point average of 3.0 and be actively involved in their communities. The financial need of applicants will also be considered.

For more information on the NMSU-Las Cruces or NMSU-Carlsbad scholarships, high school seniors should contact their counselors. Students who wish to apply for the CSW scholarship should call Mel Vuk at 887-3500.
