GENERAL

The terms and conditions of these General Provisions and those set forth elsewhere in this Order apply notwithstanding any different or additional terms and conditions which may be submitted or proposed by Subcontractor, and WTS objects to and shall not be bound by any such additional or different terms and conditions.

- A. This Order, which term shall be deemed to include related plans, drawings, specifications, and other documents, contains the entire agreement and understanding between the parties as to the subject matter of this Order, and merges and supersedes all prior agreements, understandings, commitments, representations, writings, and discussions between them. Any prior obligations, conditions, warranties, or representations will bind neither of the parties with respect to the subject matter of this Order. The parties agree that recourse may not be had to allege prior dealings, usage of trade, course of dealing, or course of performance to explain or supplement the express terms of this Order.
- B. The failure of either party to enforce at any time any of the provisions of this Order or to require at any time performance by the other party of any of such provisions shall in no way be construed to be a waiver of such provision, nor in any way to affect the validity of this Order or any parts thereof, or the right of either party thereafter to enforce each and every provision.
- C. The headings used in this Order are not to be construed as modifying, limiting, or expanding in any way the scope or extent of the provisions in this Order.
- D. All references herein to the Department of Energy Acquisition Regulations (DEAR) or Federal Acquisition Regulations (FAR) are those in effect on the date of this Order.
- E. In the event of an inconsistency between provisions of this Order, the inconsistency shall be resolved by giving precedence as follows:
 - 1. Purchase order;
 - 2. These General Provisions;
 - 3. Statement of work;
 - 4. Other provisions of this Order, whether incorporated by reference or otherwise.
- F. Subcontractor shall perform all work pursuant to this Order as an independent contractor. If any part of the work is subcontracted, Subcontractor is responsible for having that subcontracted work comply with the terms of this Order. No act or order of WTS shall be deemed to be an exercise of supervision or control of performance hereunder. No provision of this Order and no action taken by WTS under this Order shall be construed to make or constitute WTS the employer or joint employer of any of the employees of Subcontractor or any Subcontractor.

SUBCONTRACTING

- A. Subcontractor shall select Subcontractors on a competitive basis to the maximum practicable extent consistent with the objectives and requirements of this Order.
- B. "Subcontract" as used in this article includes, but is not limited to, purchase orders, and changes and modifications to purchase orders. The Subcontractor shall notify WTS reasonably in advance of entering into any subcontract if:
 - 1. The proposed subcontract is of the cost-reimbursement, time-and-materials, or labor-hour type;

2. The proposed subcontract is fixed-price and exceeds either \$25,000 or 5 percent of the total estimated cost of this Order;
 3. The proposed subcontract has experimental, developmental or research work as one of its purposes; or

- C. In the case of a proposed subcontract that:
1. Is of the cost-reimbursement, time-and-materials, or labor-hour type, and is estimated to exceed \$10,000, including any fee
 2. Is proposed to exceed \$100,000, or
 3. Is one of a number of subcontracts with a single Subcontractor, under this Order, for the same or related supplies or services that, in the aggregate, are expected to exceed \$100,000, the advance notification required by paragraph B above shall include the information specified below.
 - (a) A description of the supplies or services to be subcontracted
 - (b) Identification of the type of subcontract to be used
 - (c) The proposed subcontract price identification of the proposed Subcontractor and an explanation of why and how the proposed subcontractor was selected, including the competition obtained and the Subcontractor's cost or price analysis
 - (d) The Subcontractor's current, complete, and accurate cost or pricing data and Certificate of Current Cost or Pricing Data, if required by other Order provisions

 - (vi) The reasons for any significant difference between the Subcontractor's price objective and the price negotiated; and
 - (vii) A complete explanation of the incentive fee or profit plan when incentives are used. The explanation shall identify each critical performance element, management decisions used to quantify each incentive element, reasons for the incentives, and a summary of all trade-off possibilities considered.

- D. The Subcontractor shall obtain WTS's written consent before placing any subcontract for which advance notification is required under paragraph (B) above.
- E. Consent by WTS to any subcontract shall not constitute a determination (1) of the acceptability of any subcontract terms or conditions, (2) of the allowability of any cost under this Order, or (3) to relieve the Subcontractor of any responsibility for performance.
- F. No subcontract placed under this Order shall provide for payment on a cost-plus-a-percentage-of-cost basis, and any fee payable under cost-reimbursement type subcontracts shall not exceed the fee limitations in paragraph 15.903(d) of the Federal Acquisition Regulation (FAR).
- G. The Subcontractor shall give WTS immediate written notice of any action or suit filed and prompt notice of any claim made against the Subcontractor by any subcontractor or vendor that, in the opinion of the Subcontractor, may result in litigation related in any way to this Order, with respect to which the Subcontractor may be entitled to reimbursement from WTS.
- H. The Subcontractor shall insert in each price redetermination or incentive price revision subcontract under this Order the substance of the paragraph "Quarterly limitation of payments statement" of the clause at FAR 52.216-5, Price Redetermination - Prospective, 52.216-6, Price Redetermination - Retroactive, 52.216-16, Incentive Price Revision - Firm Target, or 52.216-17, Incentive Price Revision - Successive Targets, as appropriate, modified in accordance with the paragraph entitled "Subcontracts" of that clause.

Additionally, the Subcontractor shall include in each cost-reimbursement subcontract under this Order a requirement that the subcontractor insert the substance of the appropriate modified subparagraph referred to in the paragraph above, in each lower tier price redetermination or incentive price revision subcontract under that subcontract.

- I. To facilitate small business participation in subcontracting, the Subcontractor agrees to provide progress payments on subcontracts under this Order that are fixed-price subcontracts with small business concerns in conformity with the standards for customary progress payments stated in FAR 32.502-1 and 32.504(f), as in effect on the date of this Order. The Subcontractor further agrees that the need for such progress payments will not be considered a handicap or adverse factor in the award of subcontracts.
- J. WTS and the Government reserve the right to review the Subcontractor's purchasing system as set forth in FAR subpart 44.3.

c. Audit of Subcontractors' Records

The Subcontractor also agrees, with respect to any subcontracts (including fixed-price or unit-price subcontracts or purchase orders) where, under the terms of the subcontract, costs incurred are a factor in determining the amount payable to the Subcontractor of any tier, to either conduct an audit of the subcontractor's costs or arrange for such an audit to be performed by the cognizant Government audit agency through WTS and the Contracting Officer.

d. Disposition of Records

Except as agreed upon by the WTS and the Subcontractor, all financial and cost reports, books of account and supporting documents, and other data evidencing costs allowable, revenues, and other applicable credits under this Order shall be the property of the Government, and shall be delivered to WTS or the Government or otherwise disposed of by the Subcontractor either as WTS may from time to time direct during the progress of the work or, in any event, as the Contracting Officer shall direct upon completion or termination of this contract and final audit of accounts hereunder. Except as provided in this Order, all other records in the possession of the Subcontractor relating to this contract shall be preserved by the Subcontractor for a period of three (3) years after final payment under this Order or otherwise disposed of in such manner as may be agreed upon by the WTS and the Subcontractor.

| A.2 ALLOWABLE COSTS, AND PAYMENT (M & O Contracts) (Modified) | FAR 52.216-7 |
| Also Reference PAYMENTS AND ADVANCES (Modified) | DEAR 970.5232-2 |

a. Invoicing

WTS shall make payments to Subcontractor when requested as work progresses, but (except for small business concerns) not more often than once every month, in amounts determined to be allowable by WTS in accordance with FAR 31.2 and, as supplemented, DEAR 931.2 the date of this Order, and the terms of this Order. Determinations regarding allowable costs will be based on those provisions of FAR 31.201-2(d) and FAR 31.201-3. Subcontractor may submit to WTS, in such form and reasonable detail as WTS may require, an invoice supported by a statement of the claimed allowable cost for performing this Order. A reasonable detail of costs includes, but is not limited to:

1. Labor categories used
2. Hours expended for each category
3. Direct labor rate(s) for each category
4. Direct labor costs for each category
5. Overhead rate(s) and total
6. G&A (if applicable)
7. Travel costs (number of trips, number of days in a travel status, location of travel)
8. Material costs and other direct costs (with identification of large purchases).

b. Terms of Payment

The date of payment shall, subject to any contrary terms on the face hereof, be computed from WTS's receipt of an acceptable invoice. Drafts will not be honored.

c. Reimbursing Costs

1. For the purpose of reimbursing allowable costs (except as provided in subparagraph (ii) below, with respect to pension, deferred profit sharing, and employee stock ownership plan contributions), the term "costs" includes only-
 - (a) Those recorded costs that, at the time of the request for reimbursement, Subcontractor has paid by cash, check, or other form of actual payment for items or services purchased directly for this Order;
 - (b) When Subcontractor is not delinquent in paying costs of Order performance in the ordinary course of business, costs incurred, but not necessarily paid, for-
 - (i) Materials issued from Subcontractor's inventory and placed in the production process for use on this Order;
 - (ii) Direct labor;
 - (iii) Direct travel;

- (iv) Other direct in-house costs; and
 - (v) Properly allocable and allowable indirect costs, as shown in the records maintained by Subcontractor for purposes of obtaining reimbursement under Government contracts; and
 - (vi) The amount of progress payments that have been paid to Subcontractor's subcontractors under similar cost standards.
 - 2. Subcontractor's contributions to any pension, profit-sharing, or employee stock ownership plan funds that are paid quarterly or more often may be included in indirect costs for payment purposes; provided that Subcontractor pays the contribution to the fund within 30 days after the close of the period covered. Payments made 30 days or more after the close of a period shall not be included until Subcontractor actually makes the payment. Accrued costs for such contributions that are paid less often than quarterly shall be excluded from indirect costs for payment purposes until Subcontractor actually makes the payment.
 - 3. Notwithstanding the audit and adjustment of invoices or vouchers under paragraph H of this article, allowable indirect costs under this Order shall be obtained by applying indirect cost rates established in accordance with paragraph E.
 - 4. Any statements in specifications or other documents incorporated in this Order by reference designating performance of services or furnishing of materials at Subcontractor's expense or at no cost to WTS shall be disregarded for purposes of cost reimbursement under this article.
- d. Small Business Concerns
- A small business concern may be paid more often than every two weeks and may invoice and be paid for recorded costs for items or services purchased directly for this Order, even though the concern has not yet paid for those items or services.
- e. Final Indirect Cost Rates
- 1. Final annual indirect cost rates and the appropriate bases shall be established in accordance with FAR 42.7 and DEAR 942.7, in effect for the period covered by the indirect cost rate proposal.
 - 2. Subcontractor shall, within 90 days after the expiration of each of its fiscal years, or by a later date approved by WTS, submit to the cognizant Contracting Officer responsible for negotiating its final indirect costs rates and, if required by DOE procedures, to the cognizant audit activity, proposed final indirect cost rates for that period and supporting cost data specifying the subcontract and/or lower tier subcontract to which the rates apply. The proposed rates shall be based on Subcontractor's actual cost experience for that period. The appropriate Government representative and Subcontractor shall establish the final indirect cost rates as promptly as practical after receipt of Subcontractor's proposal.
 - 3. Subcontractor and the appropriate Government representative shall execute a written understanding setting forth the final indirect cost rates. The understanding shall specify
 - (i) The agreed-upon final annual indirect cost rates,
 - (ii) The bases to which the rates apply;
 - (iii) The periods for which the rates apply;

- (iv) Any specific indirect cost items treated as direct costs in the settlement; and
- (v) The affected subcontract and/or lower tier subcontract, identifying any with advance agreements or special terms and the applicable rates. The understanding shall not change any monetary ceiling, contract obligation, or specific cost allowance or disallowance provided for in this Order. The understanding is incorporated into this Order upon execution.

4. Failure by the parties to agree on a final annual indirect cost rate shall be a dispute within the meaning of the "Disputes" Article.

f. Billing Rates

Until final annual indirect cost rates are established for any period, WTS shall reimburse Subcontractor at billing rates approved by the Government or by an authorized representative (the cognizant auditor), subject to adjustment when the final rates are established. These billing rates-

- 1. Shall be the anticipated final rates; and
- 2. May be prospectively or retroactively revised by mutual agreement, at either party's request, to prevent substantial overpayment or underpayment.

g. Quick-Closeout Procedures

When Subcontractor and WTS agree, the quick-closeout procedures of FAR 42.7 may be used.

h. Audit

At any time or times before final payment, WTS may have Subcontractor's invoices or vouchers and statements of cost audited. Any payment may be

- 1. Reduced by amounts found by WTS not to constitute allowable costs or
- 2. Adjusted for prior overpayments or underpayments.

i. Final Payment

- 1. Subcontractor shall submit a completion invoice, designated as such, promptly upon completion of the Work, but no later than 1 year (or longer, as WTS may approve in writing) from the completion date. Upon approval of that invoice, and upon Subcontractor's compliance with all terms of this Order, WTS shall promptly pay any balance of allowable costs and that part of the fee (if any) not previously paid.
- 2. Subcontractor shall pay to WTS any refunds, rebates, credits, or other amounts (including interest, if any) accruing to or received by Subcontractor or any assignee under this Order, to the extent that those amounts are properly allocable to costs for which Subcontractor has been reimbursed by WTS. Reasonable expenses incurred by Subcontractor for securing refunds, rebates, credits, or other amounts shall be allowable costs if approved by WTS. Before final payment under this Order, Subcontractor, and each assignee whose assignment is in effect at the time of final payment shall execute and deliver
 - (i) An assignment to WTS, in form and substance satisfactory to WTS, of refunds, rebates, credits, or other amounts (including interest, if any) properly allocable to costs for which Subcontractor has been reimbursed by WTS under this Order; and

- (ii) A release discharging WTS, the Government, and their officers, agents, employees, and assigns from all liabilities, obligations, and claims arising out of or under this Order, except-
 - (a) Specified claims stated in exact amounts, or in estimated amounts when the exact amounts are not known;
 - (b) Claims (including reasonable incidental expenses) based upon liabilities of Subcontractor to third parties arising out of the performance of this Order; provided, that the claims are not known to Subcontractor on the date of the execution of the release, and that Subcontractor gives notice of the claims in writing to WTS within 6 years following the release date or notice of final payment date, whichever is earlier; and
 - (c) Claims for reimbursement of costs, including reasonable incidental expenses, incurred by Subcontractor under the patent clauses of this Order, excluding, however, any expenses arising from Subcontractor's indemnification of WTS or the Government against patent liability.

A.3 APPROVALS

The approval by WTS of designs, work drawings, specifications, reports, or any other data submitted by Subcontractor hereunder shall not affect or relieve Subcontractor from any responsibility to furnish said items in full conformance with the requirements of this Order.

A.4 ASSIGNMENT

WTS may assign this Order to the DOE or to such party as DOE may designate to perform WTS's obligations hereunder. Upon receipt by Subcontractor of written notice that the DOE or a party so designated by the DOE has accepted an assignment of this Order, WTS shall be relieved of all responsibility hereunder and Subcontractor shall thereafter look solely to such assignee for performance of WTS's obligations. - b. The Subcontractor shall procure or cause to be procured at its own expense, and shall likewise maintain or cause to be maintained, while any work is being performed and for such period thereafter as may be necessary under the circumstances, insurance sufficient to protect the Subcontractor, the WTS, the Subcontractor's lower-tier subcontractors, and the Government against all liability with respect to bodily injury or death, or property loss or damage, which may be imposed by law upon the Subcontractor or which is assumed by the Subcontractor under the Order. Certificates of such insurance shall be furnished to the WTS prior to the commencement of any work by or for the Subcontractor. No diversion shall be made by WTS provided that WTS may ratify in writing such diversion and such ratification shall constitute the consent of WTS required by this article. The Order may be amended from time to time, or an administrative letter may be issued, to either add or delete personnel, as appropriate.

A.27 LIMITATION OF COST

FAR 52.232-20

A.28 LIMITATION OF FUNDS

Note: This article is applicable only if this Order is partially funded. If this Order is fully funded, see Article A.48.

- a. The parties estimate that performance of this Order will not cost WTS more than the estimated cost specified. The Subcontractor agrees to use its best efforts to perform the Work and all obligations under this Order within the estimated cost.
- b.. The Funding Schedule specifies the amount presently available for payment by WTS and allotted by this Order, the items covered, and the period of performance it is estimated the allotted amount will cover. The parties contemplate that WTS will allot additional funds incrementally to the Order up to the full estimated cost to WTS specified in the Funding Schedule, exclusive of any fee. The Subcontractor agrees to perform, or have performed, Work on the Order up to the point at which the total amount paid and payable by WTS under the contract approximates but does not exceed the total amount actually allotted by WTS to the Order.
- c.. The Subcontractor shall notify WTS in writing whenever it has reason to believe that the costs it expects to incur under this Order in the next 60 days, when added to all costs previously incurred, will exceed 75 percent of the total amount so far allotted to the Contract by WTS. The notice shall state the estimated amount of additional funds required continuing performance for the period specified in the Funding Schedule.
- d. Sixty days before the end of the period specified in the Funding Schedule, the Subcontractor shall notify WTS in writing of the estimated amount of additional funds, if any, required to continue timely performance under the Order or for any further period specified in the Funding Schedule or otherwise agreed upon, and when the funds will be required.
- e. If, after notification, additional funds are not allotted by the end of the period specified in the Funding Schedule or another agreed-upon date, upon the Subcontractor's written request WTS will terminate this Order on that date in accordance with the provisions of the Termination clause of this Order. If the Subcontractor estimates that the funds available will allow it to continue to discharge its obligations beyond that date, it may specify a later date in its request, and WTS may terminate this Order on that later date.
- f. Except as required by other provisions of this Order, specifically citing and stated to be an exception to this article—
 1. WTS is not obligated to reimburse the Subcontractor for costs incurred in excess of the total amount allotted by WTS to this Order; and
 2. Subcontractor is not obligated to continue performance under this Order (including actions under the Termination clause of this Contract) or otherwise incur costs in excess of the amount then allotted to the Order by WTS until WTS notifies the Subcontractor in writing that the amount allotted by the Subcontractor has been increased and specifies an increased amount, which shall then constitute the total amount allotted by WTS to this

Order.

- g. The estimated cost shall be increased to the extent that the amount allotted by WTS, exceeds the estimated cost specified in the Funding Schedule.
- h. No notice, communication, or representation in any form other than that specified in subparagraph F(2) above, or from any person other than cognizant WTS Purchasing Agent, shall affect the amount allotted by WTS to this Order. In the absence of the specified notice, WTS is not obligated to reimburse the Subcontractor for any costs in excess of the total amount allotted by WTS to this Order, whether incurred during the course of the Order or as a result of termination.
- i. When and to the extent that the amount allotted WTS to the Order is increased, any costs the Subcontractor incurs before the increase that are in excess of the amount previously allotted by WTS shall be allowable to the same extent as if incurred afterward, unless WTS issues a termination or other notice and directs that the increase is solely to cover termination or other specified expenses.
- j. Change Notice shall not be considered an authorization to exceed the amount allotted by WTS specified in the Funding Schedule, unless they contain a statement increasing the amount allotted.
- k. Nothing in this article shall affect the right of WTS to terminate this Order. If this Order is terminated WTS and the Subcontractor shall negotiate an equitable distribution of all property produced or purchased under the Order, based upon the share of costs incurred by each.
- l. If WTS does not allot sufficient funds to allow completion of the work, the Subcontractor is entitled to a percentage of the fee specified in the Funding Schedule equaling the percentage of completion of the Work contemplated by this Order.

A.29 LAWS, REGULATIONS AND DOE DIRECTIVES

This requirement applies to all sub-tier subcontractors.

Federal Building
Washington, DC 20585

- e. Upon receipt of a new or revised Order, the Subcontractor shall review it for consistency with the other terms of the Subcontract and for impacts on funding, labor, and other provisions of the Subcontract. If the Subcontractor considers the Order to be consistent with the other terms of the Subcontract, it can be implemented within existing funds, labor, and other provisions of the Subcontract, and the implementation will not have a negative impact on the cost, schedule, or other obligations of the Subcontractor, the Subcontractor shall establish an implementation schedule, and so advise the Contracting Officer, through the WTS, within thirty (30) calendar days of receipt.

In the event the Subcontractor considers the Order to be inconsistent with the other terms of the Subcontract, or the requirements of the Order cannot be implemented within existing funding, labor, and other provisions of the Subcontract, the Subcontractor shall so advise the Contracting Officer, through the WTS, within thirty (30) calendar days of receipt. Such notice shall include the basis for the claimed inconsistency and the projected cost of implementation in excess of current funding, labor, and other provisions of the Subcontract. After evaluation of the Subcontractor's position, the Contracting Officer shall issue direction to the WTS and the Subcontractor, pursuant to the clause entitled "Changes" concerning appropriate implementation of the Order.

The Subcontractor shall incorporate the substance of this clause with respect to applicable orders, excluding any reference to the Changes clause, in lower-tier subcontracts for performance of work at the site and as directed by the Contracting Officer.

The Subcontractor shall ensure that management of environment, safety and health (ES&H) functions and

activities becomes an integral but visible part of the Subcontractor's work planning and execution processes. The contractor shall, in the performance of work, ensure that:

1. Line management is responsible for the protection of employees, the public, and the environment. Line management includes those subcontractor employees managing or supervising employees performing work.
 2. Clear and unambiguous lines of authority and responsibility for ensuring (ES&H) are established and maintained at all organizational levels.
 3. Personnel possess the experience, knowledge, skills, and abilities that are necessary to discharge their responsibilities.
 4. Resources are effectively allocated to address ES&H, programmatic, and operational considerations. Protecting employees, the public, and the environment is a priority whenever activities are planned and performed.
 5. Before work is performed, the associated hazards are evaluated and an agreed-upon set of ES&H standards and requirements are established which, if properly implemented, provide adequate assurance that employees, the public, and the environment are protected from adverse consequences.
 6. Administrative and engineering controls to prevent and mitigate hazards are tailored to the work being performed and associated hazards. Emphasis should be on designing the work and/or controls to reduce or eliminate the hazards and to prevent accidents and unplanned releases and exposures.
 7. The conditions and requirements to be satisfied for operations to be initiated and conducted are established and agreed-upon by WTS and the Subcontractor. These agreed upon conditions and requirements are requirements of the contract and binding on the contractor. The extent of documentation and level of authority for agreement shall be tailored to the complexity and hazards associated with the work and shall be established in a Safety Management System. A Safety Management Plan is required only when so specified in the Statement of Work in the Subcontract.
 8. This requirement applies to all sub-tier subcontractors.
- c. The Subcontractor shall manage and perform work in accordance with a documented Safety Management System (System) that fulfills all conditions in paragraph (b) of this clause at a minimum. Documentation of the System shall describe how the Subcontractor will:

 6. Provide feedback on adequacy of controls and continue to improve safety management.
 7. When such a plan as described in this paragraph is required by the subcontract, the provisions for Records as found in DEAR 970.5232-3 also applies.

- d. The System shall describe how the contractor will establish, document, and implement safety performance objectives, performance measures, and commitments in response to DOE program and budget execution guidance while maintaining the integrity of the System. The System shall also describe how the contractor will measure system effectiveness.
- e. The Subcontractor shall submit to the WTS documentation of its System for review and approval. Dates for submittal, discussions, and revisions to the System will be established by the WTS. Guidance on the preparation, content, review, and approval of the System will be provided by the WTS. On an annual basis, the Subcontractor shall review and update, for WTS approval, its safety performance objectives, performance measures, and commitments consistent with and in response to DOE's program and budget execution guidance and direction. Resources shall be identified and allocated to meet the safety objectives and performance commitments as well as maintain the integrity of the entire System. Accordingly, the System shall be integrated with the contractor's business processes for work planning, budgeting, authorization, execution, and change control.
- f. The Subcontractor shall comply with, and assist the WTS in complying with, ES&H requirements of all applicable laws and regulations, and applicable directives identified in the clause of this contract on Laws, Regulations, and DOE directives. The Subcontractor shall cooperate with Federal and non-Federal agencies having jurisdiction over ES&H matters under this contract.
- g. The Subcontractor shall promptly evaluate and resolve any noncompliance with applicable ES&H requirements and the System. If the Subcontractor fails to provide resolution or if, at any time, the Subcontractor acts or failure to act causes substantial harm or an imminent danger to the environment or health and safety of employees or the public, the WTS may issue an order stopping work in whole or in part. Any stop work order issued by the WTS under this clause (or issued by the WTS to a Subcontractor in accordance with paragraph (i) of this clause) shall be without prejudice to any other legal or contractual rights of the Government. In the event that the WTS issues a stop work order, an order authorizing the resumption of the work may be issued at the discretion of the WTS. The Subcontractor shall not be entitled to an extension of time or additional fee or damages by reason of, or in connection with, any work stoppages ordered in accordance with this clause.
- h. The Subcontractor is responsible for compliance with the ES&H requirements applicable to this contract regardless of performer of the work.
- i. The Subcontractor shall include a clause substantially the same as this clause in subcontracts involving complex or hazardous work on site at a DOE-owned or -leased facility. Such subcontracts shall provide for the right to stop work under the conditions described in paragraph (g) of this clause. Depending on the complexity and hazards associated with the work, the Subcontractor may require that the lower-tier subcontractor submits a Safety Management System for the WTS's review and approval.
- j. When such a plan as described in this paragraph is required by the subcontract, the provisions for records as found in DEAR 970.5226-2 also apply.

All unclassified visits (30 days or less) and assignments (more than 30 days) of foreign nationals will be managed consistent with the Department of Energy Notice and Policy 142.1.

A minimum of 45 days advance notice is required for indices checks of all foreign nationals that are citizens of a sensitive country, require access to a security area, or access to a sensitive subject. A Security Plan is required for unclassified foreign visits and assignments. Contact WIPP Security for required forms and guidelines. At a minimum, the following information must be provided:

- Biographical and personal information, including date and place of birth, place/nature of employment.

Subcontractors are responsible for all WIPP issued security badges and entry key cards for all of their employees who have access to the WIPP Site, SWB or other Government leased facilities. The Subcontractor will provide to WTS, a listing of all employees who will need access to the WIPP Site or other satellite facilities. This listing will be provided to and approved by the WTS Procurement Buyer who will present the listing to WIPP Security prior to Subcontractor employees gaining access to the WIPP site. To obtain the badge each day, the Subcontractor employee will show Security picture identification and then pick up their badge at the main Guard & Security Building. The Subcontractor employee will be required to turn in his/her badge at the gatehouse each day upon leaving the site. Completion of this training does not allow the Subcontractor personnel access to the SWB unescorted.

30 days or more: Subcontractor personnel who are required to work on WIPP Property for 30 days or more must complete the GET Initial Training within 30 days of being assigned to the WIPP. A.67 WORKER SAFETY AND HEALTH PLAN

The Department of Energy has promulgated procedures/rules for the implementation of a Worker Safety and Health Program, Title 10 CFR 851 ("851"). WTS has integrated 851 as a WTS Worker Safety and Health Plan along with the Integrated Safety Management System (ISMS) description, and the WTS Voluntary Protection Program (VPP). Together, those documents serve as the overall plan for worker safety and health at WIPP. Upon implementation of 851 effective February 9, 2007, these rules govern the conduct of any entity including affiliated entities, such as a parent corporation, under contract with DOE, or a subcontractor at any tier, that has responsibilities for performing work at a covered DOE site in furtherance of a DOE mission. Violation of the applicable rules provides a basis for the assessment of civil and or criminal penalties under 851.

Indemnification of WTS

F.9 COST REDUCTION PROPOSALS

a. General

The Seller is encouraged to develop, prepare, and submit Cost Reduction Proposals (CRPs) to the WTS through the Buyer for review by the DOE WIPP Project Office WTS. If accepted, the Seller shall share in any net savings realized from accepted CRPs in amounts agreed to by the parties.

b. Procedure for submission of CRPs: Each CRP submitted by the Seller shall include, at a minimum, the following information:

1. A description of the existing requirements, the proposed CRP requirements, comparative advantages and disadvantages of each, and the effect of the proposed CRP on these requirements.
2. A description of the changes that must be made if the proposed CRP is accepted, including changes or waivers to design requirements, regulatory requirements, DOE policy documents, etc.
3. A separate, detailed cost estimates for the existing requirements and the proposed CRP. The estimate for the proposed CRP shall take into account the costs of implementing the CRP, including the costs the DOE or the WTS may incur in implementing the proposed CRP.
4. A statement of the time by which acceptance of the proposed CRP must be issued in order to achieve the maximum cost reduction.
5. The suggested sharing period for the proposed CRP.

c. Calculation of Estimated Net Savings: Estimated net savings shall be calculated by subtracting the total cost of the proposed CRP (to the Seller, the WTS, and the DOE) from the total cost of the existing requirements.

d. Acceptance for Negotiation or Rejection of CRPs.

The DOE will notify the Seller through the WTS by letter from the DOE WTS that the CRP will be accepted for negotiation with the Seller or rejected. The only CRPs that will be accepted for negotiation are those which:

1. Demonstrate a result in a reduction in the total agreed upon estimated cost for the annual period (October 1 through September 30); and
2. Will not reappear as costs in subsequent annual periods. The items to be negotiated shall, at a minimum, include the estimated net savings of the change in requirements proposed by the CRP, the estimated reduction in the agreed upon estimated cost for the annual

period, and the Seller's share of such net savings. If the CRP is rejected, the letter will set forth the reasons for rejection. If the parties are unable to negotiate acceptable terms, the CRP will be deemed to have been rejected. Until an agreement is negotiated, the Seller shall perform in accordance with existing requirements. Negotiated agreements will be reflected in a CRP Implementation Agreement signed by both the Seller and the WTS.

e. Audit of Actual Savings

The DOE or the WTS shall have the right to audit the actual costs of an accepted CRP to determine the extent of actual savings. If the actual savings are significantly more or less than the estimated savings of the CRP or the reduction of the estimated cost for the annual period, the amount awarded under the CRP shall be adjusted.

f. Relationship to Other Incentives

Only those benefits of an accepted CRP not rewardable under goal achievement objectives shall be rewarded under this clause.

g. Subcontracts

The Seller may include an appropriate clause similar to this clause in any lower-tier subcontract. In calculating any estimated net savings in a CRP under the Subcontract, the Seller's preparation, submission, testing, development, and implementation costs shall include any of the Seller's allowable costs, and any CRP incentive payments to a lower-tier Subcontractor clearly resulting from the acceptance of such CRP. The Seller may choose any arrangement for the Seller's CRP incentive payments, provided that the payments shall not reduce the DOE's share of Subcontract net savings.

h. Disputes

Actions taken under this clause shall not be subject to the "Disputes" clause or otherwise subject to litigation under the Contract Disputes Act of 1978 (41 U.S.C. 601-613).
