Overview of the Permit Modification Notification

This document contains a Class 1 Permit Modification Notification (**PMN**) to modify the Hazardous Waste Facility Permit (**Permit**) at the Waste Isolation Pilot Plant (**WIPP**), Permit Number NM4890139088-TSDF hereinafter referred to as the Permit.

This PMN is being submitted by the U.S. Department of Energy (**DOE**) and Washington TRU Solutions LLC (**WTS**), collectively referred to as the Permittees, in accordance with Permit Condition I.B.1 (20.4.1.900 New Mexico Administrative Code (**NMAC**) incorporating Title 40 of the Code of Federal Regulations (40 **CFR**) §270.42(a)). The PMN in this document is necessary to notify the New Mexico Environment Department (**NMED**) of some changes which impact the WIPP facility. This change does not reduce the ability of the Permittees to provide continued protection to human health and the environment.

The requested modification to the Permit and any related supporting documents are provided in this PMN. The proposed modification to the text of the Permit has been identified using red text and double underline and a ~~strikeout~~ font for deleted information. All direct quotations are indicated by italicized text.

Attachment A

Description of the Class 1 Permit Modification Notification

Table 1. Class 1 Hazardous Waste Facility Permit Modification Notification

| Affected Permit Section | Change Description | Category | Attachment A Page # |
|--|---|-----------------|--------------------------------|
| 1. Figures F-3, F-5, F-9, I-1, I-6, I2-1, M2-1, N-1 and O3-2 | Revise figures to indicate that Panel 6 has been certified and is approved for use. | A.1 | A-3 |

Item 1

Description:

Revise figures in the Permit to indicate that Panel 6 has been approved by the NMED. The designation on the figures is being changed from “planned” to “existing” hazardous waste disposal unit (HWDU).

Basis:

The change is classified as “*Administrative and informational change*” and is therefore a Class 1 notification pursuant to 20.4.1.900 NMAC (incorporating 40 CFR 270.42, Appendix I, A.1).

Discussion:

On October 6, 2010 the Permittees were notified by the NMED that Panel 6 had been constructed in compliance with the requirements in the Permit. Panel 6 has been certified in accordance with the Permit Condition I.E.II and is now available for waste emplacement. Figures F-3, F-5, F-9, I-1, I-6, I2-1, M2-1, N-1 and O3-2 have been revised to show that Panel 6 is now approved for waste emplacement. The change removes the “dashed” lines and replaces them with “solid” lines in order to change the designation from “planned” HWDU to “existing” HWDU.

Revised Permit Text:

- a.1. Figures F-3, F-5, F-9, I-1, I-6, I2-1, M2-1, N-1 and O3-2 are included in Attachment B.
