Subject: Submittal of Requested Volatile Organic Compound Monitoring Information

RE: NMED Correspondence from Mr. James P. Bearzi to Mr. David C. Moody and Mr. M. F. Sharif, dated December 4, 2009, subject: Submittal of Corrected Volatile Organic Compound Information WIPP Hazardous Waste Facility Permit EPA I.D. Number NM4890139088

Dear Mr. Bearzi:

As requested in the subject letter, the Department of Energy, Carlsbad Field Office and Washington TRU Solutions LLC (collectively, the Permittees), are providing the additional information relating to Volatile Organic Compound (VOC) monitoring at the Waste Isolation Pilot Plant.

The following information is enclosed:

1. Normalized concentration differences between Stations VOC-A and VOC-B and the running annual average for carbon tetrachloride for each sampling event since January 2005 in the following format;
 - Electronic Spreadsheet of concentration differences at location VOC-A and VOC-B from January 1, 2005 through November 24, 2009
 - Chart of concentration differences from January 1, 2005 through November 24, 2009
 - Chart of Running Annual Average from January 1, 2005 through November 24, 2009
2. For each exceedence reported under Permit Condition IV.F.2.c copies of sample data sheets for the sample collection event at Station VOC-A, meteorological data summary sheets and air conversion log sheets that are used for normalizing the laboratory data.
3. A plot of the running annual average concentration for carbon tetrachloride versus date for the preceding 24 months.

Mr. James Bearzi

-2-

JAN 22 2010

On a monthly basis and as long as the running annual average for carbon tetrachloride exceeds 60 parts per billion by volume the Permittees will provide the information specified in item 1 above and a plot of the running annual average concentration versus date for the preceding 24 months for carbon tetrachloride to the NMED. This information will be provided in accordance with the subject letter.

If you have any questions, please contact Mr. George Basabilvazo at 575-234-7488.

Sincerely,

David C. Moody
Manager
