

Department of Energy
Carlsbad Field Office
P. O. Box 3090
Carlsbad, New Mexico 88221
January 31, 2022

Mr. Rick Shean, Chief
Hazardous Waste Bureau
New Mexico Environment Department
2905 Rodeo Park Drive East, Building 1
Santa Fe, New Mexico 87505

Subject: Class 1 Permit Modification Notifications, Waste Isolation Pilot Plant Hazardous Waste Facility Permit Number: NM4890139088-TSDF

Dear Mr. Shean:

Enclosed are Class 1 Permit Modification Notifications for the following items:

- Update Underground Escape and Evacuation Map in Permit Attachment D
- Adding Two Procedures to Permit Attachment E, Table E-1 for the Fire Sprinkler Systems
- Correction to a Regulatory Citation in Permit Attachment F, Table F-1
- Update to Part A Forms in Permit Attachment B
- Update to Permit Attachment A
- Update to Permit Attachment L
- Update to Permit Attachment B, Appendix B1
- Clarify Annual GET Refresher Training in Permit Attachment F, Section F-1b(1)

We certify under penalty of law that this document and enclosure were prepared under our direction or supervision according to a system designed to assure that qualified personnel properly gather and evaluate the information submitted. Based on our inquiry of the person or persons who manage the system, or those persons directly responsible for gathering the information, the information submitted is, to the best of our knowledge and belief, true, accurate, and complete. We are aware that there are significant penalties for submitting false information, including the possibility of fine and imprisonment for knowing violations.

If you have any questions, please contact Mr. Martin P. Navarrete at (575) 706-0068.

Sincerely,

Signatures on File

Reinhard Knerr
Manager
Carlsbad Field Office

Sean Dunagan
President and Project Manager

Overview of the Permit Modification Notifications

This document contains eight Class 1 Permit Modification Notifications (**PMNs**) for the Waste Isolation Pilot Plant (**WIPP**) Hazardous Waste Facility Permit (**Permit**) Number NM4890139088-TSDF.

These PMNs are being submitted by the U.S. Department of Energy (**DOE**) and Nuclear Waste Partnership LLC, collectively referred to as the Permittees, in accordance with Permit Part 1, Section 1.3.1. (20.4.1.900 New Mexico Administrative Code (**NMAC**) incorporating Title 40 of the Code of Federal Regulations (**CFR**) §270.42(a)). The PMNs in this document are necessary to notify the New Mexico Environment Department (**NMED**) of changes which impact the Permit. These changes do not reduce the ability of the Permittees to provide continued protection to human health and the environment.

The requested modifications to the Permit and any related supporting documents are provided in these PMNs. The proposed modifications to the text of the Permit have been identified using **red** text and double underline and a ~~strikeout~~ font for deleted information. All direct quotations are indicated by italicized text.

Attachment A
Description of the Class 1 Permit Modification Notifications

Table 1. Class 1 Hazardous Waste Facility Permit Modification Notifications

Item No.	Affected Permit Section	Change Description	Category
1	Attachment D, Figure D-4 <i>Underground Escape and Evacuation Map</i>	This modification revises Permit Attachment D, Figure D-4, <i>Underground Escape and Evacuation Map</i> , with the current Underground Escape and Evacuation Map from electronic attachment, EA12ER.25-1-0, <i>Underground Escape and Evacuation Map and Instructions</i> , to the WIPP Underground Escape and Evacuation Plan. The updates to the figure include the Panel 8 mining status and depicts recent Panel 7 waste emplacement information.	A.1
2	Attachment E, Table E-1, <i>Inspection Schedule/Procedures</i>	This modification revises Permit Attachment E, Table E-1, <i>Inspection Schedule/Procedures</i> , by separating the inspection requirement for monthly, quarterly, and annual inspections into three separate procedures for the fire sprinkler systems. Additionally, the inspection procedures for WP 12-FP0063 and WP 12-FP0064 were identified by inspection frequency.	A.1
3	Attachment F, Table F-1, <i>TRU Mixed Waste Management and Emergency Response Job Titles and Descriptions</i>	This modification revises Permit Attachment F, Table F-1, <i>TRU Mixed Waste Management and Emergency Response Job Titles and Descriptions</i> , to correct the citation for the RCRA Training Director Position Description with the following change: <ul style="list-style-type: none"> • Changed "40 CFR §264.16(a)(3))" to "40 CFR §264.16(a)(2))" in the Position Description column for the RCRA Training Director. 	A.2
4	Permit Attachment B, <i>Hazardous Waste Permit Application Part A</i>	This modification updates the RCRA Subtitle C Site Identification Form and the Hazardous Waste Permit Part A Form (OMB# 2050-0024) in Permit Attachment B with the new forms published by the Environmental Protection Agency (EPA). Only the following changes to the information reported in the forms currently in the Permit are being made: <ul style="list-style-type: none"> • RCRA Subtitle C Site Identification Form <ul style="list-style-type: none"> ○ Section 4, Site Location Address <ul style="list-style-type: none"> ▪ Changed Street Address from "30 miles east of Carlsbad on Jal Highway" to "34 Louis Whitlock Road." ▪ Changed Zip Code from "88221" to "88220." ▪ Added the Latitude "32.3697706" and Longitude "-103.7913501" as this 	A.1

Item No.	Affected Permit Section	Change Description	Category
		<p>information was added in the new revision of the forms.</p> <ul style="list-style-type: none"> • Hazardous Waste Permit Part A Form <ul style="list-style-type: none"> ○ Section 5, Nature of Business <ul style="list-style-type: none"> ▪ The text was modified with the following change: <p>“The Waste Isolation Pilot Plant (WIPP) is a U.S. Department of Energy facility <u>for the receipt</u> which entails receiving, unloading, and transferring of <u>transuranic</u> radioactive mixed waste from the surface of the site to the underground hazardous waste <u>disposal</u> management units. Waste is emplaced in an underground geologic repository horizon located in a <u>deep, bedded</u> deep bedded salt formation approximately 2,150 feet beneath the surface.”</p> • RCRA Part A Application Certification <ul style="list-style-type: none"> ○ Updated the date to “1/31/2022.” 	
5	Attachment A, Section A-1 <i>Facility Description</i>	<p>This modification revises Permit Attachment A, Section A-1, <i>Facility Description</i>, to update the Facility Location and Geographic Location with the following changes:</p> <ul style="list-style-type: none"> • Changed Facility Location to “34 Louis Whitlock Road, Carlsbad, NM 88220.” • Changed Geographic Location to “32.3697706” and “-103.7913501.” • Added “(WGS84)” below Geographic Location. 	A.1
6	Attachment L, List of Tables Attachment L, Table L-4, <i>List of Culebra Wells in the WLMP, Current as of January 2020</i> Attachment L, Figure L-14, <i>Groundwater Level Surveillance Wells (inset represents the groundwater surveillance wells in WIPP Land Withdrawal Area)</i>	<p>This modification revises Permit Attachment L, List of Tables, Permit Attachment L, Table L-4, <i>List of Culebra Wells in the WLMP, Current as of January 2020</i>, and Permit Attachment L, Figure L-14, <i>Groundwater Level Surveillance Wells (inset represents the groundwater surveillance wells in WIPP Land Withdrawal Area)</i>, with the most current information as of January 2022:</p> <ul style="list-style-type: none"> • Attachment L, List of Tables <ul style="list-style-type: none"> ○ Changed the title of Table L-4 to “<i>List of Culebra Wells in the</i>” 	A.1

		<p><i>WLMP, Current as of January 2022.</i></p> <ul style="list-style-type: none"> • Attachment L, Table L-4 <ul style="list-style-type: none"> ○ Changed the title of Table L-4 to <i>"List of Culebra Wells in the WLMP, Current as of January 2022."</i> ○ Changed "H-5b" to "H-5bR." ○ Changed "WIPP-11" to "WIPP-11R." • Attachment L, Figure L-14 <ul style="list-style-type: none"> ○ Changed "H-5b" to "H-5bR." ○ Changed "WIPP-11" to WIPP-11R." 	
7	Attachment B, Appendix B1, <i>Other Environmental Permits, Active Environmental Permits and Approvals for the Waste Isolation Pilot Plant as of August 2019</i>	<p>This modification revises Permit Attachment B, Appendix B1, <i>Other Environmental Permits, Active Environmental Permits and Approvals for the Waste Isolation Pilot Plant as of August 2019</i>, to remove information/lines from this table associated with inactive Permits, plugged and abandoned wells, and to provide updated information where needed. The lines being removed fall under the following categories:</p> <ol style="list-style-type: none"> 1. Currently listed as "Active" permits in the "Current Permit Status" column that are no longer active and will not be renewed. 2. "P&A" plugged and abandoned wells. 3. Currently listed as "Inactive" permits in the "Current Permit Status" column that were not renewed. <p>The specific changes being made can be found in the Table of Changes in the Discussion section below.</p>	A.1
8	Attachment F, Section F-1b(1), <i>Training Content</i>	<p>This modification revises Attachment F, Section F-1b(1), <i>Training Content</i> with the following changes:</p> <ul style="list-style-type: none"> • Revised "an" to "the." • Added "GET" prior to "refresher." 	A.1

Item 1

Description

This modification revises Permit Attachment D, Figure D-4, *Underground Escape and Evacuation Map*, with the current Underground Escape and Evacuation Map from electronic attachment, EA12ER.25-1-0, *Underground Escape and Evacuation Map and Instructions*, to the WIPP Underground Escape and Evacuation Plan. The updates to the figure include the Panel 8 mining status and depicts recent Panel 7 waste emplacement information.

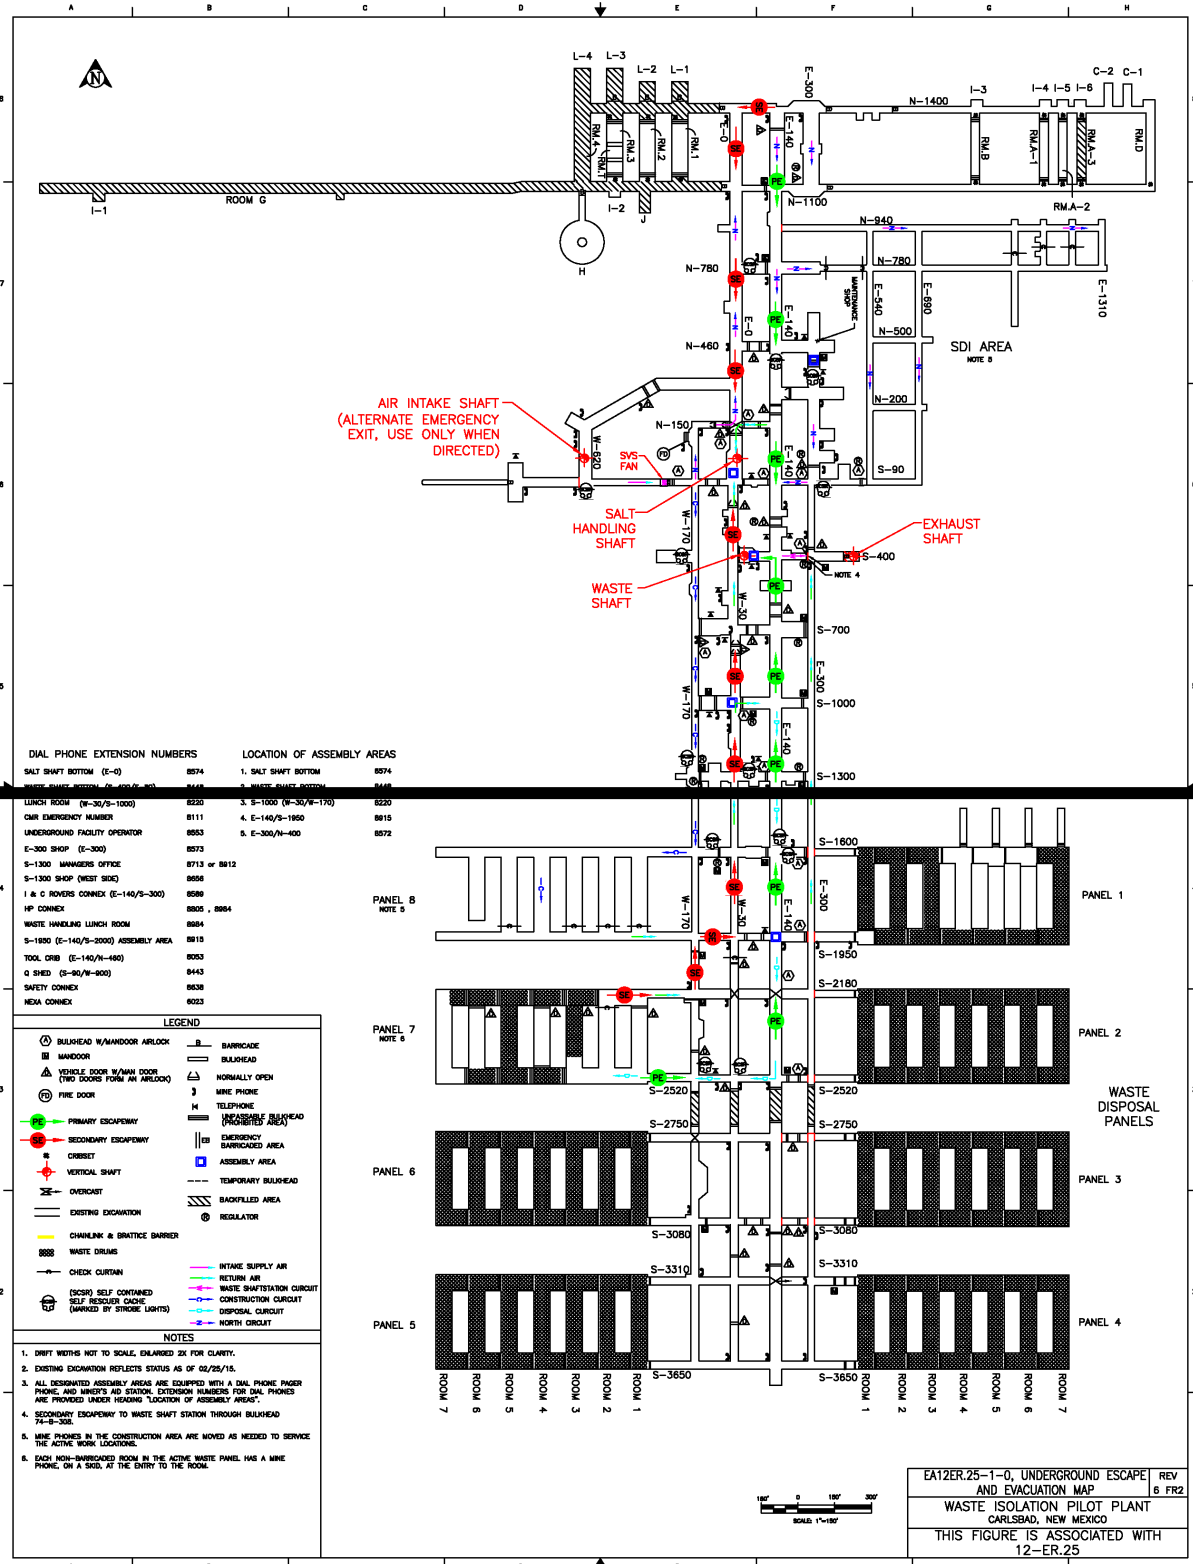

Basis

This change is classified as an "Administrative and informational change" pursuant to 20.4.1.900 NMAC (incorporating 40 CFR §270.42 Appendix 1, A.1) and is, therefore, a Class 1 modification.

Discussion

These changes are needed to ensure that Figure D-4 is consistent with the Underground Escape and Evacuation Map referenced in the *Underground Escape and Evacuation Map and Instructions*. The Underground Escape and Evacuation Map has been recently updated to reflect updates to Panel 8 mining (showing that Panel 8 mining is complete) and Panel 7 waste emplacement status.

Proposed Revised Permit Text:

Item 2

Description

This modification revises Permit Attachment E, Table E-1, *Inspection Schedule/Procedures*, by separating the inspection requirement for monthly, quarterly, and annual inspections into three separate procedures for the fire sprinkler systems. Additionally, the inspection procedures for WP 12-FP0063 and WP 12-FP0064 were identified by inspection frequency.

Basis

These changes are classified as “Administrative and informational changes” and are, therefore, Class 1 modifications pursuant to 20.4.1.900 NMAC (incorporating 40 CFR §270.42, Appendix I, A.1).

Discussion

This change is needed to reflect the current procedures for the monthly, quarterly, and annual inspection of the fire sprinkler systems in Table E-1. The monthly and quarterly inspections of the fire sprinkler systems were separated from the original procedure WP 12-FP0025 *Sprinkler System Inspection and Testing* into separate procedures WP 12-FP0023 *Monthly Sprinkler System Inspection and Testing* and WP 12-FP0024 *Quarterly Sprinkler System Inspection and Testing*. The original procedure was renamed as WP 12-FP0025 *Annual Sprinkler System Inspection and Testing*.

Similar to other line items in Table E-1, the inspection criteria were duplicated for each of the inspection frequencies. Additionally, the inspection procedures for Room 108 and the CH Bay (WP 12-FP0063 *Sprinkler System Inspection and Testing – CH Bay and TMF* and WP 12-FP0064 *Sprinkler System Inspection and Testing – Room 108*) were identified in each inspection frequency.

The content and frequency for the fire sprinkler system inspection has not changed. This is an administrative change to incorporate these new procedures into Permit Attachment E, Table E-1, *Inspection Schedule/Procedures* and to separate these inspections by their frequency.

Proposed Revised Permit Text:

**Table E-1
Inspection Schedule/Procedures**

System/Equipment Name	Responsible Organization	Inspection^a Frequency	Procedure Number and Inspection Criteria^h
Fire Pumps	Fire Protection Engineering	Weekly	WP 12-FP0026 Inspecting for Deterioration ^b , Leaks/Spills, fire water valve position(s), and panel light status
		Annually (Electric Pump)	WP 12-FP5113 Inspecting for Deterioration ^b , operability, flow, discharge pressure, suction pressure, and pump speed
		Annually (Diesel Pump)	WP 12-FP5114 Inspecting for Deterioration ^b , operability, flow, discharge pressure, suction pressure, and pump speed
Fire Sprinkler Systems	Fire Protection Engineering	Monthly ^f	WP 12-FP0023 5 , WP 12-FP0063, and WP 12-FP0064 Inspecting for Deterioration ^b , Leaks/Spills, water pressures, and main drain test
		q Quarterly ^f	<u>WP 12-FP0024, WP 12-FP0063, and WP 12-FP0064</u> <u>Inspecting for Deterioration^b, Leaks/Spills, water pressures, and main drain test</u>
		a Annually	<u>WP 12-FP0025, WP 12-FP0063, and WP 12-FP0064</u> <u>Inspecting for Deterioration^b, Leaks/Spills, water pressures, and main drain test</u>
Fire and Emergency Response Vehicles (Fire Trucks, Fire Suppression Cart, and Rescue Cart/Truck)	Fire Department	Weekly	WP 12-FP0033 Inspecting for Mechanical Operability ^m , Deterioration ^b , Leaks/Spills, and Required Equipment ⁿ

Item 3

Description

This modification revises Permit Attachment F, Table F-1, *TRU Mixed Waste Management and Emergency Response Job Titles and Descriptions*, to correct the citation for the Resource Conservation and Recovery Act (**RCRA**) Training Director Position Description with the following change:

- Changed “40 CFR §264.16(a)(3)” to “40 CFR §264.16(a)(2)” in the Position Description column for the RCRA Training Director.

Basis

This change is classified as a "Correction of typographical errors..." pursuant to 20.4.1.900 NMAC (incorporating 40 CFR §270.42 Appendix 1, A.2) and is, therefore, a Class 1 modification.

Discussion

This change is needed to ensure the correct citation is listed in Table F-1.

Proposed Revised Permit Text:

JOB TITLE	POSITION DESCRIPTION
Inspector	<p>Responsible for routine inspection and maintenance (including repairing and replacement, as appropriate) of equipment instrumental in preventing, detecting, or responding to environmental or human health hazards, such as monitoring equipment, safety and emergency equipment, and operating or structural equipment. Inspections are performed at the facility to detect malfunctions, deterioration, operator errors, and discharges that may cause or lead to releases of TRU mixed waste or TRU mixed waste constituents to the environment or that could be a threat to human health. Depending on the Inspector's specific job position, job duties may involve one or more of the following:</p> <ul style="list-style-type: none"> • Performing functional and operational checks of waste handling equipment and support systems as well as conducting waste container storage inspections • Conducting routine inspections of emergency response equipment and vehicles, on site • Performing routine inspections of the hoisting equipment for the Air Intake Shaft, Salt Handling Shaft, and Waste Shaft • Conducting routine inspections and testing of facility fire suppression and detection systems • Inspecting and testing of communication systems, site notification system, the public address system, and alarm systems for proper function • Performing routine inspections of the backup power supply diesel generators • Performing routine inspections of the eye wash and shower equipment • Performing routine inspections of the underground geomechanical instrumentation system • Performing routine inspections of the central uninterruptible power supply • Performing routine inspections of the fire water storage tank • Performing routine inspections of the ventilation exhaust fans
RCRA Training Director	<p>Responsible for directing the hazardous waste management training at the WIPP facility. To meet the 20.4.1.500 NMAC (incorporating 40 CFR §264.16(a)(23)) requirements, the RCRA Training Director must be a person trained in hazardous waste management procedures.</p>

Item 4

Description

This modification updates the RCRA Subtitle C Site Identification Form and the Hazardous Waste Permit Part A Form (OMB# 2050-0024) in Permit Attachment B with the new forms published by the Environmental Protection Agency (**EPA**). Only the following changes to the information reported in the forms currently in the Permit are being made:

- RCRA Subtitle C Site Identification Form
 - Section 4, Site Location Address
 - Changed Street Address from “30 miles east of Carlsbad on Jal Highway” to “34 Louis Whitlock Road.”
 - Changed Zip Code from “88221” to “88220.”
 - Added the Latitude “32.3697706” and Longitude “-103.7913501” as this information was added in the new revision of the forms.
- Hazardous Waste Permit Part A Form
 - Section 5, Nature of Business
 - The text was modified with the following change:
“The Waste Isolation Pilot Plant (WIPP) is a U.S. Department of Energy facility for the receipt ~~which entails receiving,~~ unloading, and transferring of transuranic ~~radioactive~~ mixed waste from the surface of the site to the underground hazardous waste disposal ~~management~~ units. Waste is emplaced in an underground geologic repository horizon located in a deep, bedded ~~deep bedded~~ salt formation approximately 2,150 feet beneath the surface.”
- RCRA Part A Application Certification
 - Updated the date to “1/31/2022.”

Basis

This change is classified as an “Administrative and informational change” and is, therefore, a Class 1 modification pursuant to 20.4.1.900 NMAC (incorporating 40 CFR §270.42, Appendix I, A.1).

Discussion

This change updates the RCRA Subtitle C Site Identification Form and the Hazardous Waste Permit Part A Form (OMB# 2050-0024) in Permit Attachment B, which shows an expiration date of May 31, 2020, with the current form which expires on April 30, 2024. This change is needed to update the current RCRA Subtitle C Site Identification Form and the Hazardous Waste Permit Part A Form (OMB# 2050-0024) in Permit Attachment B, with the current forms. The changes to Section 4, Site Location Address, of the RCRA Subtitle C Site Identification Form are discussed below.

- Changed Street Address from “30 miles east of Carlsbad on Jal Highway” to “34 Louis Whitlock Road.” Section 4 of the RCRA Subtitle C Site Identification Form requires the specific facility address and not a facility location (*i.e.*, not “30 miles east of Carlsbad on

Jal Highway).” Therefore, this change to the specific facility address is needed to comply with the requirements of Section 4 of the RCRA Subtitle C Site Identification Form for this entry.

- Changed the Zip Code from “88221” to “88220.” This change is needed to make the zip code consistent with the change to the street address.
- Added the Latitude “32.3697706” and Longitude “-103.7913501” as this information was added by EPA as a new requirement in the revised Section 4 of the RCRA Subtitle C Site Identification Form. Therefore, this change is needed to comply with the requirements of Section 4 of the RCRA Subtitle C Site Identification Form.

The text change in the Hazardous Waste Permit Part A Form, Section 5, Nature of Business is editorial in order to provide a more accurate description. Since the Permittees are resigning the Part A form, the date on the RCRA Part A Application Certification is being updated.

These changes are needed to update the Permit with current information.

Proposed Revised Permit Text:

OMB# 2050-0024; Expires 04/30/2024

C. Waste Codes for State Regulated (non-Federal) Hazardous Wastes. Please list the waste codes of the State hazardous wastes handled at your site. List them in the order they are presented in the regulations. Use an additional page if more spaces are needed.

11. Additional Regulated Waste Activities (NOTE: Refer to your State regulations to determine if a separate permit is required.)**A. Other Waste Activities**

<input type="checkbox"/> Y <input checked="" type="checkbox"/> N	1. Transporter of Hazardous Waste—If “Yes”, mark all that apply.
<input type="checkbox"/>	a. Transporter
<input type="checkbox"/>	b. Transfer Facility (at your site)
<input type="checkbox"/> Y <input checked="" type="checkbox"/> N	2. Underground Injection Control
<input type="checkbox"/> Y <input checked="" type="checkbox"/> N	3. United States Importer of Hazardous Waste
<input type="checkbox"/> Y <input checked="" type="checkbox"/> N	4. Recognized Trader—If “Yes”, mark all that apply.
<input type="checkbox"/>	a. Importer
<input type="checkbox"/>	b. Exporter
<input type="checkbox"/> Y <input checked="" type="checkbox"/> N	5. Importer/Exporter of Spent Lead-Acid Batteries (SLABs) under 40 CFR 266 Subpart G—If “Yes”, mark all that apply.
<input type="checkbox"/>	a. Importer
<input type="checkbox"/>	b. Exporter

B. Universal Waste Activities

<input type="checkbox"/> Y <input checked="" type="checkbox"/> N	1. Large Quantity Handler of Universal Waste (you accumulate 5,000 kg or more) - If “Yes” mark all that apply. Note: Refer to your State regulations to determine what is regulated.
<input type="checkbox"/>	a. Batteries
<input type="checkbox"/>	b. Pesticides
<input type="checkbox"/>	c. Mercury containing equipment
<input type="checkbox"/>	d. Lamps
<input type="checkbox"/>	e. Aerosol Cans
<input type="checkbox"/>	f. Other (specify) _____
<input type="checkbox"/>	g. Other (specify) _____
<input type="checkbox"/> Y <input checked="" type="checkbox"/> N	2. Destination Facility for Universal Waste Note: A hazardous waste permit may be required for this activity.

C. Used Oil Activities

<input type="checkbox"/> Y <input checked="" type="checkbox"/> N	1. Used Oil Transporter—If “Yes”, mark all that apply.
<input type="checkbox"/>	a. Transporter
<input type="checkbox"/>	b. Transfer Facility (at your site)
<input type="checkbox"/> Y <input checked="" type="checkbox"/> N	2. Used Oil Processor and/or Re-refiner—If “Yes”, mark all that apply.
<input type="checkbox"/>	a. Processor
<input type="checkbox"/>	b. Re-refiner
<input type="checkbox"/> Y <input checked="" type="checkbox"/> N	3. Off-Specification Used Oil Burner
<input type="checkbox"/> Y <input checked="" type="checkbox"/> N	4. Used Oil Fuel Marketer—If “Yes”, mark all that apply.
<input type="checkbox"/>	a. Marketer Who Directs Shipment of Off-Specification Used Oil to Off-Specification Used Oil Burner
<input type="checkbox"/>	b. Marketer Who First Claims the Used Oil Meets the Specifications

D. Pharmaceutical Activities

<input type="checkbox"/> Y <input checked="" type="checkbox"/> N	1. Operating under 40 CFR Part 266, Subpart P for the management of hazardous waste pharmaceuticals—if “Yes”, mark only one. Note: See the item-by-item instructions for definitions of healthcare facility and reverse distributor.
<input type="checkbox"/>	a. Healthcare Facility
<input type="checkbox"/>	b. Reverse Distributor
<input type="checkbox"/> Y <input checked="" type="checkbox"/> N	2. Withdrawing from operating under 40 CFR Part 266, Subpart P for the management of hazardous waste pharmaceuticals. Note: You may only withdraw if you are a healthcare facility that is a VSQG for all of your hazardous waste, including hazardous waste pharmaceuticals.

12. Eligible Academic Entities with Laboratories—Notification for opting into or withdrawing from managing laboratory hazardous wastes pursuant to 40 CFR Part 262, Subpart K.

<input type="checkbox"/> Y <input checked="" type="checkbox"/> N	A. Opting into or currently operating under 40 CFR Part 262, Subpart K for the management of hazardous wastes in laboratories— If “Yes”, mark all that apply. Note: See the item-by-item instructions for definitions of types of eligible academic entities.
<input type="checkbox"/>	1. College or University
<input type="checkbox"/>	2. Teaching Hospital that is owned by or has a formal written affiliation with a college or university
<input type="checkbox"/>	3. Non-profit Institute that is owned by or has a formal written affiliation with a college or university
<input type="checkbox"/> Y <input checked="" type="checkbox"/> N	B. Withdrawing from 40 CFR Part 262, Subpart K for the management of hazardous wastes in laboratories.

13. Episodic Generation

<input type="checkbox"/> Y <input checked="" type="checkbox"/> N	Are you an SQG or VSQG generating hazardous waste from a planned or unplanned episodic event, lasting no more than 60 days, that moves you to a higher generator category. If “Yes”, you must fill out the Addendum for Episodic Generator.
--	---

14. LQG Consolidation of VSQG Hazardous Waste

<input type="checkbox"/> Y <input checked="" type="checkbox"/> N	Are you an LQG notifying of consolidating VSQG Hazardous Waste Under the Control of the Same Person pursuant to 40 CFR 262.17(f)? If “Yes”, you must fill out the Addendum for LQG Consolidation of VSQG hazardous waste.
--	---

15. Notification of LQG Site Closure for a Central Accumulation Area (CAA) (optional) OR Entire Facility (required)

<input type="checkbox"/> Y <input checked="" type="checkbox"/> N	LQG Site Closure of a Central Accumulation Area (CAA) or Entire Facility.
A. <input type="checkbox"/> Central Accumulation Area (CAA) or <input type="checkbox"/> Entire Facility	
B. Expected closure date: _____ mm/dd/yyyy	
C. Requesting new closure date: _____ mm/dd/yyyy	
D. Date closed : _____ mm/dd/yyyy	
<input type="checkbox"/>	1. In compliance with the closure performance standards 40 CFR 262.17(a)(8)
<input type="checkbox"/>	2. Not in compliance with the closure performance standards 40 CFR 262.17(a)(8)

8. Map

Attach to this application a topographical map, or other equivalent map, of the area extending to at least one mile beyond property boundaries. The map must show the outline of the facility, the location of each of its existing intake and discharge structures, each of its hazardous waste treatment, storage, or disposal facilities, and each well where it injects fluids underground. Include all spring, rivers, and other surface water bodies in this map area. See instructions for precise requirements.

9. Facility Drawing

All existing facilities must include a scale drawing of the facility. See instructions for more detail.

10. Photographs

All existing facilities must include photographs (aerial or ground-level) that clearly delineate all existing structures; existing storage, treatment, and disposal areas; and sites of future storage, treatment, or disposal areas. See instructions for more detail.

11. Comments

See Hazardous Waste Permit Part A Form, Narrative to Item 6. Process Codes and Design Capacities.

RCRA PART A APPLICATION CERTIFICATION

The U.S. Department of Energy (DOE), through its Carlsbad Field Office, has signed as “owner and operator,” and Nuclear Waste Partnership LLC, the Management and Operating Contractor (MOC), has signed this application for the permitted facility as “co-operator.”

The DOE has determined that dual signatures best reflect the actual apportionment of Resource Conservation and Recovery Act (RCRA) responsibilities as follows:

The DOE’s RCRA responsibilities are for policy, programmatic directives, funding and scheduling decisions, Waste Isolation Pilot Plant (WIPP) requirements of DOE generator sites, auditing, and oversight of all other parties engaged in work at the WIPP, as well as general oversight.

The MOC’s RCRA responsibilities are for certain day-to-day operations (in accordance with general directions given by the DOE and in the Management and Operating Contract as part of its general oversight responsibility), including, but not limited to, the following: certain waste handling, monitoring, record keeping, certain data collection, reporting, technical advice, and contingency planning.

For purposes of the certification required by Title 20 of the New Mexico Administrative Code, Chapter 4, Part 1 (20.4.1 NMAC), Subpart IX, §270.11(d), the DOE’s and the MOC’s representatives certify, under penalty of law that this document and all attachments were prepared under their direction or supervision in accordance with a system designed to assure that qualified personnel properly gather and evaluate the information submitted. Based on their inquiry of the person or persons who manage the system, or those persons directly responsible for gathering the information, the information submitted is, to the best of their knowledge and belief, true, accurate, and complete for their respective areas of responsibility. We are aware that there are significant penalties for submitting false information, including the possibility of fine and imprisonment for knowing violations.

Owner and Operator Signature: Original signed by Reinhard Knerr
Title: Manager, Carlsbad Field Office (CBFO)
for: U.S. Department of Energy
Date: 1/31/2022~~7/23/2020~~

Date: 1/31/2022~~7/23/2020~~

Item 5

Description

This modification revises Permit Attachment A, Section A-1, *Facility Description*, to update the Facility Location and Geographic Location with the following changes:

- Changed Facility Location to “34 Louis Whitlock Road, Carlsbad, NM 88220.”
- Changed Geographic Location to “32.3697706” and “-103.7913501.”
- Added “(WGS84)” below Geographic Location.

Basis

This change is classified as an “Administrative and informational change” and is, therefore, a Class 1 modification pursuant to 20.4.1.900 NMAC (incorporating 40 CFR §270.42, Appendix I, A.1).

Discussion

This change is needed to ensure the accuracy of the Facility Location and Geographic Location in the Permit. This information is consistent with the information in the RCRA Subtitle C Site Identification Form in Permit Attachment B described in item 4 of this Permit Modification Notification. The change to update the facility location is being made to correspond with the physical address. The change to geographic location is to delineate the center of the WIPP Land Withdrawal Area. The geographic coordinate system (WGS84) that the coordinates are based on was also added.

Proposed Revised Permit Text:

ATTACHMENT A
GENERAL FACILITY DESCRIPTION AND
PROCESS INFORMATION

A-1 Facility Description

Abstract

NAME OF FACILITY:	Waste Isolation Pilot Plant
OWNER and CO-OPERATOR:	U.S. Department of Energy P.O. Box 3090 Carlsbad, NM 88221
CO-OPERATOR:	Nuclear Waste Partnership LLC P.O. Box 2078 Carlsbad, NM 88221
RESPONSIBLE OFFICIALS:	Reinhard Knerr Manager, DOE/Carlsbad Field Office Sean Dunagan Project Manager, Nuclear Waste Partnership LLC
FACILITY MAILING ADDRESS:	U.S. Department of Energy P.O. Box 3090 Carlsbad, NM 88221
FACILITY LOCATION:	<u>34 Louis Whitlock Road, Carlsbad, NM 88220</u> 30 miles east of Carlsbad on the Jal Highway, in Eddy County.
TELEPHONE NUMBER:	575/234-7300
U.S. EPA I.D. NUMBER:	NM4890139088
GEOGRAPHIC LOCATION:	<u>32.3697706</u> 32° 22' 30" N <u>(WGS84)</u> <u>-103.7913501</u> 103° 47' 30" W
DATE OPERATIONS BEGAN:	November 26, 1999

Item 6

Description

This modification revises Permit Attachment L, List of Tables, Permit Attachment L, Table L-4, *List of Culebra Wells in the WLMP, Current as of January 2020*, and Permit Attachment L, Figure L-14, *Groundwater Level Surveillance Wells (inset represents the groundwater surveillance wells in WIPP Land Withdrawal Area)*, with the most current information as of January 2022:

- Attachment L, List of Tables
 - Changed the title of Table L-4 to "*List of Culebra Wells in the WLMP, Current as of January 2022.*"
- Attachment L, Table L-4
 - Changed the title of Table L-4 to "*List of Culebra Wells in the WLMP, Current as of January 2022.*"
 - Changed "H-5b" to "H-5bR."
 - Changed "WIPP-11" to "WIPP-11R."
- Attachment L, Figure L-14
 - Changed "H-5b" to "H-5bR."
 - Changed "WIPP-11" to "WIPP-11R."

Basis

The change is classified as an "Administrative and informational change..." and is therefore, a Class 1 modification pursuant to 20.4.1.900 NMAC (incorporating 40 CFR §270.42, Appendix I, A.1)

Discussion

This change is needed because wells H-5b and WIPP-11 listed in Table L-4 were plugged and abandoned, then replaced. Wells that have been replaced are designated with an "R" in Table L-4. Figure L-14 was also updated to reflect the changes made in Table L-4. Changes to the figure are shown in red clouds on the new figure. A new figure without these clouds is also provided following the clouded figure. These changes are needed to update the Permit with current information.

Item 7

Description

This modification revises Permit Attachment B, Appendix B1, *Other Environmental Permits, Active Environmental Permits and Approvals for the Waste Isolation Pilot Plant as of August 2019*, to remove information/lines from this table associated with inactive Permits, plugged and abandoned wells, and to provide updated information where needed. The lines being removed fall under the following categories:

1. Currently listed as "Active" permits in the "Current Permit Status" column that are no longer active and will not be renewed.
2. "P&A" plugged and abandoned wells.
3. Currently listed as "Inactive" permits in the "Current Permit Status" column that were not renewed.

The specific changes being made can be found in the Table of Changes in the Discussion section below.

Basis

The change is classified as an "Administrative and informational change..." and is therefore, a Class 1 modification pursuant to 20.4.1.900 NMAC (incorporating 40 CFR §270.42, Appendix I, A.1)

Discussion

This modification updates Permit Attachment B, Appendix B1, with the most current information regarding other environmental permits applicable to the WIPP facility as of January 2022. These changes are needed to update the Permit and to ensure completeness and accuracy of this list of other environmental permits. This modification also removes lines in the following categories:

1. Currently listed as "Active" permits in the "Current Permit Status" column that are no longer active and will not be renewed.
2. "P&A" plugged and abandoned wells.
3. Currently listed as "Inactive" permits in the "Current Permit Status" column that were not renewed.

Lines listed in category 1 shown above in the Description section of this modification are being removed since they are no longer active environmental permits and the Permittees are not seeking renewal of these permits. These permits are no longer needed and are therefore being deleted. Lines listed in category 2 are permits pertaining to inactive plugged and abandoned wells and are therefore being removed. Lines listed in category 3 are inactive permits and are therefore being removed. The regulations at 20.4.1.900 NMAC (incorporating 40 CFR 270.13(k)(9)) require a listing of other relevant environmental permits. Inactive permits including inactive permits for wells that have been plugged and abandoned do not provide relevant information, pursuant to 40 CFR 270.13(k)(9), are therefore being removed. The list of *Other Environmental Permits, Active Environmental Permits and Approvals for the Waste Isolation Pilot Plant* is meant only for "Active Environmental Permits," therefore historical information pertaining to inactive permits is not necessary and is being removed. Changes to the table are updates for active permits and the editorial changes are made to renumber lines in the table.

These changes are needed to update the Permit with current information and to remove unnecessary information. One purpose of the list of *Other Environmental Permits, Active Environmental Permits and Approvals for the Waste Isolation Pilot Plant* is to assure relevant Permit conditions are not in conflict with permit conditions imposed by other agencies. Removing unnecessary information is needed to minimize potential confusion and misunderstanding regarding the applicability of other environmental permit conditions.

Table of Changes

	Granting Agency	Type of Permit	Permit/Right of Way Number	Explanation for Change
6.	Department of the Interior, Bureau of Land Management	Right-of-Way for Aerosol Sampling Site	NM077924	This permit is no longer active and will not be renewed. A right-of-way permit is not needed for land within the WIPP site boundary since it is owned by the U.S. Department of Energy.
7.	Department of the Interior, Bureau of Land Management	Right-of-Way for Two Subsidence Monuments (S-37 and S-38)	NM082245	This permit is no longer active and will not be renewed. A right-of-way permit is not needed for land within the WIPP site boundary since it is owned by the U.S. Department of Energy.
15.	Department of the Interior, Bureau of Land Management	Right-of-Way for Monitoring Wells C-2723 (WIPP-25), C-2724 (WIPP-26), C-2722 (WIPP-27), C-2636 (WIPP-28), C-2743 (WIPP-29), & C-2727 (WIPP-30)	NM-6-5 Cooperative Agreement	This well was plugged and abandoned and is no longer an active permit.
16 19.	New Mexico State Land Office Commissioner of Public Lands	Right-of-Way for Dosimetry and Aerosol Sampling Sites, Angel Ranch	RW-22789	Updated status to indicate that renewal is in progress.
17 20.	New Mexico Environment Department Groundwater Quality Bureau	Discharge Permit	DP-831	Updated permit information.
19 22.	New Mexico Environment Department Petroleum Storage Tank Bureau	Petroleum Storage Tank Registration Certificate	Registration Number 2179 4248 Facility Number 31539	Updated permit information.
23 .	Office of New Mexico State Engineer	Monitoring Well Exhaust Shaft Exploratory Borehole	C-2801	This permit is no longer active and will not be renewed.
24 .	Office of New Mexico State Engineer	Monitoring Well Exhaust Shaft Exploratory Borehole	C-2802	Deleted Lines ("Inactive" permits that were not renewed)
25 .	Office of New Mexico State Engineer	Monitoring Well Exhaust Shaft Exploratory Borehole	C-2803	Deleted Lines ("Inactive" permits that were not renewed)
21 27.	Office of New Mexico State Engineer	Appropriation: WQSP-1 Well	C-2413	Removed "Appropriation", the use of Appropriation is for consumptive use wells. This change is to correctly identify the type of permit for these wells as non-consumptive use wells.

	Granting Agency	Type of Permit	Permit/Right of Way Number
22 28.	Office of New Mexico State Engineer	Appropriation -WQSP-2 Well	C-2414
23 29.	Office of New Mexico State Engineer	Appropriation -WQSP-3 Well	C-2415
24 30.	Office of New Mexico State Engineer	Appropriation -WQSP-4 Well	C-2416
25 31.	Office of New Mexico State Engineer	Appropriation -WQSP-5 Well	C-2417
26 32.	Office of New Mexico State Engineer	Appropriation -WQSP-6 Well	C-2418
27 33.	Office of New Mexico State Engineer	Appropriation -WQSP-6a Well	C-2419

Item 8

Description

This modification revises Attachment F, Section F-1b(1), *Training Content* with the following changes:

- Revised “an” to “the.”
- Added “GET” prior to “refresher.”

Basis

These changes are classified as “Administrative and informational changes” and are, therefore, Class 1 modifications pursuant to 20.4.1.900 NMAC (incorporating 40 CFR 270.42, Appendix I, A.1).

Discussion

The language in Permit Attachment F, Section F-1b(1) *Training Content* could be misinterpreted to indicate that additional specific training (beyond what is provided in General Employee Training (**GET**)) may be required for onsite facility personnel. However, the context of this paragraph is referring to the contents of both initial and refresher GET training only and not to other specific training courses that may have their own refresher requirements. This change is needed to clarify that onsite facility personnel receive GET training and the annual GET refresher training with regard to the GET topics listed and it should not be interpreted as requiring additional training.

This change does not decrease the amount of or makes changes to the type of training given to WIPP facility employees.

Proposed Revised Permit Text:

F-1b(1) Training Content

To ensure that facility personnel are knowledgeable in responding effectively to emergency situations, every employee, regardless of whether they hold a position in TRU mixed waste management or emergency response, receives GET and ~~an~~the annual GET refresher training on topics relevant to the management of TRU mixed waste and emergency response that include:

- Emergency Preparedness and Response
- RCRA (including the Permit and the RCRA Contingency Plan)
- Fire Protection
- Safety Signage
