

CHAPTER ELEVEN

GROUND WATER MONITORING

For guidance regarding RCRA-related ground-water monitoring, see the EPA Office of Solid Waste guidance document entitled "RCRA Ground-water Monitoring: Draft Technical Guidance," published in 1992. This document was distributed to update technical information regarding ground-water monitoring contained in other sources of USEPA guidance, including Chapter Eleven of this manual.

A PDF of the guidance document can be viewed and obtained via the following EPA web site link: <http://www.epa.gov/epaoswer/hazwaste/test/info.htm>

A PDF of the guidance document may also be viewed and obtained via the following EPA web site link, select "Site Characterization/Monitoring":
